He was asked at Fox if knowing what we know now was the decision to go to a war in Iraq the right decision , and he answered Yes , meaning he Would still decide to go to a war.
This interview killed him even within his own ranks , let alone independents !!!
Hillary was asked how she explains the fact that she voted in favor of the war , and she responded that she made a huge mistake !

Which mistake of Jeb Bush do you refer to?
Marea - accepted with honor.
I shall call you when we leave the hotel (The Mark) in the evening and will pick you up

And in that case we should really celebrate , so Marea (which is very close) !

Just warn him not to make the same mistake Jeb Bush did regarding Iraq!
